The screenshot shows the 'Credit Memos' tab selected in the left sidebar. The main area displays a table with one record. A dropdown menu is open under the 'Actions' column, showing options like 'PDF Creditmemos' and 'Delete Credit Memos' (highlighted with a red arrow). The table has columns: Created, Order #, Order Date, and Bill-to Name.

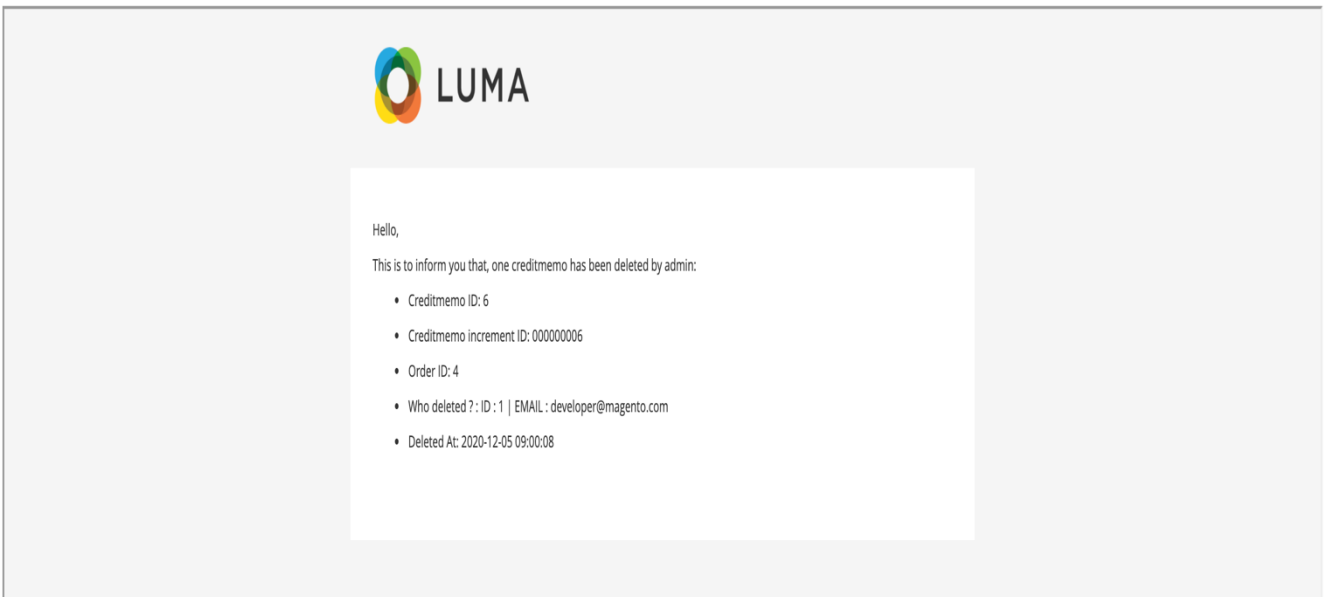

Created	Order #	Order Date	Bill-to Name
Dec 4, 2020 10:54:59 PM	000000004	Dec 4, 2020 10:32:00 PM	Jickson Johnson Kootala

When admin click the “delete” button, system will throw a popup with ask for permission to proceed.

A confirmation popup titled 'Delete Credit Memos' is displayed over the table. It asks: 'Are you sure you want to delete selected credit memo(s) ? (1 record)'. There are 'Cancel' and 'OK' buttons. The background table shows the same record as the previous screenshot, with a checkbox selected in the first column.

✓	Credit Memo	Created	Order #	Order Date	Bill-to Name

How the delete notification email looks like?

System ACL (permission) options

We have added the ACL role source for **"delete"** and **"massDelete"**

A screenshot of the Magento Admin Role configuration page. On the left, under "ROLE INFORMATION", the "Role Resources" tab is selected. On the right, the "Roles Resources" section shows a "Resource Access" dropdown set to "Custom". Below this, a tree view of resources is displayed. The "HelloMage - Delete Creditmemo Operations" resource is expanded, showing sub-resources: "Actions", "Delete", and "Mass Delete". A red arrow points to the "Delete" resource, which has a green checkmark icon next to it. Other resources like "Dashboard", "Analytics", "API", and "Sales" are also listed with green checkmarks.

Also, role source for system configuration is added
